Patent Pending - International

Seatpost and handlebar post adjust perfectly with our unique "Quick Release System"*. Testing proved pop-pins to be unsafe and unprecise on the spinal and leg adjustments.

CUSTOM ADJUSTMENTS

Patented lubricating brake system and safety emergency "PUSH DOWN" brake.

Patented leather brake pad make the ride smooth and quiet.

SAFETY BRAKE SYSTEM

Our unique junior design pedals/cage allows a safe ride.

JUNIOR DESIGN PEDAL/CAGE

Invest in your child's future

Kids health is becoming a national priority, research shows over 10 Million kids overweight in America. Today, health and fitness professionals are looking for alternatives to get kids excited about exercising regularly.

Body Cycle introduces a radically new product built to improve kids total body health, The "CHAMP"™, is an indoor cycle built for

THE CHAMP™

kids aged 6 to 12 years old. Indoor cycling has been one of the hottest growth areas in the health and fitness industry, no other type of training can offer the support and friendship that indoor cycling brings to kids.

Designed by top fitness professionals and manufactured in North America, The CHAMP™ cycle offers a wide range of standard safety features including a patented free-wheel system and more.
